When a monthly utility account becomes delinquent:

A. A final notice shall be sent by regular mail within five business days after the billing due date.

B. If there is no response received to the mailed final notice of account delinquency within five business days, a tag for disconnect shall be delivered within the next seven business days to the service address of the utility consumer giving at least five business days' notice of pending disconnection for said service address.

Payments will first be applied to the oldest delinquent charges. Remaining funds will be credited to the utilities included in the delinquent bill by the prorated apportionment of the delinquent amount for each utility. If utility services have been disconnected as provided in ECC 2.12.020, service shall not be restored until all past due charges, penalties and fees have been paid, unless otherwise required by RCW 35.21.302. The city shall have a lien against the premises to which utility services were furnished for up to four months of utility charges, to which the utility service is rendered superior to all other liens and encumbrances whatsoever except for general taxes and local special assessments. Enforcement of such lien or liens shall be in the manner provided by law.

C. When a disconnection notice has been ordered for failure to pay, a disconnect notice fee of \$25.00 for all utility services provided shall be charged to the delinquent account. The charge shall be in addition to the late fee penalty provided in subsection (A) of this section.

D. Discontinuance of service for any cause stated in this chapter shall not release the customer from his or her obligation to the city for payment of bills or charges.
