

Welcome to the Reed Park community master planning event, thank you for your participation. Our goal is to develop a master plan focused on improving park safety by expanding non-motorized access opportunities to and within the park, while still maintaining existing park elements that make Reed Park unique to our community.

There are four plans for you to review tonight, there are comment sheets next to each park plan table for you to provide feedback on. The sticker that you were provided can be placed on the park plan you like the most. Again, thank you for your participation.

Below is a quick overview of each plan:

#### OPTION A –

#### OPTION MOST LIKE EXISTING PARK LAYOUT:

##### Key Features

- Traffic flow remains the same as current
- Maintains the highest number of parking stalls (12) near the water tower
- Keeps on-street parking configuration near the Legion Hall
- Adds paved pedestrian pathway through the park
- Single stall flush restroom
- Four picnic table/bench areas at the overlook parking

#### OPTION B –

#### SIMILAR TO EXISTING LAYOUT, ADDITIONAL PARKING NEAR AMERICAN LEGION:

##### Key Features

- Traffic flow the same as current
- Reduces parking stalls near the water tower to 10
- Creates 26 parking stalls (parallel and pull-in) near the American Legion
- Adds seating plaza area added
- Paved pedestrian pathway through the park
- Single stall flush restroom
- Four picnic table/bench areas at the overlook parking

#### OPTION C –

#### ELIMINATES UPPER TRAFFIC LOOP

##### Key Features

- Eliminates the loop near the water tower
- Creates two-way local traffic only for residents who live on the east of the park
- Retains four current overlook parking stalls
- Adds 15 parking stalls near the American Legion
- Creates a larger open grass area near the water tower
- Creates a hammerhead turnaround near the water tower
- Paved pedestrian pathway throughout the park
- Single stall flush restroom
- Three picnic table/bench areas at the current overlook parking area

#### OPTION D –

#### BIGGEST CHANGE FROM EXISTING REED PARK LAYOUT

##### Key Features

- Overlook parking has been shifted near the American Legion
- Eliminates loop near the water tower
- Creates two-way local traffic only for residents who live on the east of the park
- Creates largest open grass area near the water tower
- Creates a hammerhead turnaround near the water tower
- Single staff flush restroom
- Paved pedestrian pathway throughout the park
- Four picnic table/bench areas at the greenspace overlook area

**Next step: Community meeting #2 to review combined or final proposed plan December 14<sup>th</sup>, 6pm, City Hall**
