

# DOWNTOWN PARKING

## FREQUENTLY ASKED QUESTIONS

**Q: If I move one spot over from my original parking space, will I be ticketed?**

A: Community members are required to move two (2) blocks away from their original parking space. Chain parking is when someone parks within the same progressive parking fine area (radius from original parking space) and is considered unlawful (8.14.140), which can result in a fine.

**Q: What if someone wipes off the chalk from their tire?**

A: EPD Code Enforcement can use electronic marking if an individual is suspected of removing the chalk marking on his/her vehicle tire. Additional charges may be applied in addition to the original parking infraction for chalk removal.

**Q: Does EPD Code Enforcement have a quota of tickets to issue each day?**

A: No. Neither EPD Code Enforcement nor EPD Patrol Officers have a quota to fill.

**Q: What happens if I do not pay my parking tickets?**

A: The City of Ellensburg can submit past due parking tickets for collections.

**Q: Does EPD Code Enforcement monitor parking on a regular schedule?**

A: Our Code Enforcement Officers will monitor parking on a random schedule on weekdays and weekends.
